Miller Florida Homes works with Mid Florida Credit Union & Hancock Bank to have the best financing options available for our future home owners. They're professional, knowledgeable mortgage consultants and will take the time to understand your specific needs so they can offer you the best lending options, competitive pricing and outstanding service. Since our previous home owners were happy with their services and they understand the construction finance process, both companies are our preferred lenders. Therefore, **Miller Florida Homes will pay** for your **Construction Loan Interest** while your home is being built, **Buyer's ALTA Owner's Title Insurance Policy, Recording the Warranty Deed, Construction Inspection Fees customarily charged by lender, Surveys and Termite Certificate** for using our preferred lender which is a great savings for you.

You can call **Craig Blanton** or **Richard Green** to be pre-qualified so your mortgage process will be ready to start when you are.

If you have any questions please contact:
